

ICPE-EPEC 2013

The International Conference
on Physics Education
Prague, Czech Republic
August 05-09, 2013

Dear all,

Since ICPE-EPEC 2013 will take place **in about two months**, we are sending you the latest news concerning the conference.

In total, 368 abstracts have been submitted to the conference. The review process should be finished till June 05, as we promised. In case you do not receive the decision about an acceptance of your abstract (perhaps due to some technical problems), please, let us know.

We would like to remind you that the **maximum number of conference participants is limited to 400** by the capacity of the main lecture hall and its getting full day by day. In case the number of registered participants reaches this limit we will have to stop the registration. Therefore don't hesitate to register online, in case you are interested in participation at ICPE-EPEC 2013.

General Information

Social Program,

[Registration](#)

Important dates

Let us remind you, that the conference also offers a **wide social program** for delegates or the spouses. Prague is one of the **most beautiful cities** in the world and you have a unique opportunity to discover her magic. Join the common dinner at the wonderful medieval monastery with private visit to one of the largest monastic library in the world, explore the streets of Old Town or even visit sightseeing outside of Prague. We prepared for you a list full of attractions to be discovered during your stay in Prague. You can find them online in the section "**Social Program.**" The whole Wednesday afternoon is expressly dedicated to tours and no conference sessions are planned for that time, so don't forget to choose the right tour for you when registering.

Please, be aware that the **normal registration period ends on June 15**. The late registration will still be possible after that date (until the capacity is full), but with higher fee. Please, use the [registration webpage](#) to register yourself. To see the prices of the fee, accommodation etc. in different currencies use the EUR/USD/CZK "switch" on the webpage. No independent booking of accommodation is necessary – hotel booking is included on the registration webpage. You can choose from several options at various price levels. For any information concerning registration, please, ask us at info@icpe2013.org.

Registration & Accommodation

Travel information

Sightseeing tours as well as the other parts of the social program can be also ordered on site in case you can't decide before your arrival.

Important dates

Registration

Normal: 1.04.2013 - 15.06.2013

Last minute: after **15.06.2013**

**Other issues:**

We would like to thank all colleagues who kindly reviewed conference abstracts. We know that due to a large number of abstracts reviewing meant an extra burden; we really appreciate their help.

Thanks to IUPAP subsidy we are able to pay the registration fee for all participants (nine, in total) from lower- and lower-middle income countries who asked for this support. Unfortunately, limited resources do not allow us to provide a similar support to participants from other countries though we would like to do so. Also, we cannot respond to any further requests for that support.

Concerning a conference program: We would like to keep the preliminary program announced in Newsletter 2. Oral contributions will last 20 minutes including discussion. Due to lack of time several workshops will take place in the evenings; we will contact their authors to arrange this. Detailed conference program will be available on the conference website <http://www.icpe2013.org> in mid-July.

In case of any problems and questions concerning registration, accommodation and similar issues, please contact Mr. Daniel Kozik from the conference agency MAXIN Prague using the e-mail address info@icpe2013.org.

Let us also inform you, that this is the last official ICPE-EPEC 2013 preconference newsletter. Any other news and highlights will be published on the official conference website only.

**Do you have any question? Don't hesitate to contact us on info@icpe2013.org
or by phone: +420 277 779 916.**
